EDUCATION & QUALIFICATIONS

2021 – Present	Master of Science in Health Informatics -IDL (In Progress) Kwame Nkrumah University of Science and Technology (KNUST), Ghana Coursework: Clinical Decision Support Systems, Database Management Information System for Healthcare Professionals, Epidemiology Methods in Health Informatics, Healthcare Knowledge Management, Medical Digital Imaging, Strategic Medical Informatics, Health Technologies and Telecare, Health information and Evidence-Based Practice, Community-Based Health Information
2025	Certificate in Applied Biomedical Data Science Kwame Nkrumah University of Science and Technology (KNUST), Ghana Coursework: Biomedical Data Science, Clinical Informatics, Data Wrangling, Machine Learning, Data Analysis & Visualization, Research Data Ethics
2011 – 2013	Bachelor of Science in Statistics University of Cape Coast, Ghana - Final Year Research: Rainfall pattern analysis using SPSS - Coursework: Time series Analysis, Sampling techniques and survey methods, Statistical Analysis, Data Analysis
2007 – 2010	Higher National Diploma in Statistics Kumasi Technical University, Ghana - Final Research: Regression analysis of road accidents, Ashanti Region - Coursework: Statistical computing, Multivariate data analysis, Statistical report writing.

PROFESSIONAL EXPERIENCE

2026 – Present	Senior Biostatistics Officer St. Patrick Catholic Hospital, Offinso, Ashanti Region, Ghana - Manages electronic health records for over 2,000 monthly patients, ensuring accurate and timely reporting - Leads research activities including abstract submissions and conference participation - Prepares analytical reports using R, Python, Stata, SPSS, and Excel - Provides training and guidance to staff on research skills and routine data management - Led Client Satisfaction Survey for Himalayan Cataract Project, enhancing patient experience outcomes
2023 – 2026	Biostatistics Officer St. Patrick Catholic Hospital, Offinso, Ashanti Region, Ghana - Manages electronic health records for over 2,000 monthly patients, ensuring accurate and timely reporting - Leads research activities including abstract submissions and conference participation - Prepares analytical reports using R, Python, Stata, SPSS, and Excel - Provides training and guidance to staff on research skills and routine data management - Led Client Satisfaction Survey for Himalayan Cataract Project, enhancing patient experience outcomes

2023 – Present	Chief Statistical Officer & Project Lead (Water Guard Analytics) Veebeckz Tech Hub, Ghana - Leads Water Guard Analytics project applying statistical expertise to water quality and environmental data systems - Oversees data-driven decision-making across Veebeckz innovation projects - Contributes to research-informed curriculum design for digital literacy, AI, and data training programs
2022 – Present	Research Assistant Thrive Lab, University at Buffalo, USA (Remote) - Program/project manager; co-leads quantitative data management and statistical analyses for multiple HIV prevention studies - First author on two manuscripts and one study protocol; co-author on additional manuscripts and one study protocol - Applies regression modelling, confirmatory factor analysis (CFA), reliability analysis, and inferential statistics to examine determinants of HIV prevention and PrEP uptake among African immigrant populations - Conducts reproducible analyses in R, Python, Stata, and SPSS under IRB-approved protocols (US and Ghana) - Contributes to systematic and scoping reviews including study screening, data extraction, and synthesis - Participates in mixed-methods research, conducting qualitative interviews and integrating findings
2019 – 2023	Senior Technical Officer St. Patrick Catholic Hospital, Offinso, Ashanti Region, Ghana - Optimized eye clinic data management using advanced Excel tools - Facilitated data validation meetings, achieving 100% completeness and timely DHIMS2 submissions - Contributed to facility earning recognition as best reporting facility, Himalayan Cataract Project (2021)
2016 – 2019	Health Information Officer St. Patrick Catholic Hospital, Offinso, Ashanti Region, Ghana - Streamlined data management, migrating to electronic formats, significantly improving report timeliness - Facility recognized as best reporting facility among Himalayan Cataract Project partners in Ghana (2018) - Managed DHIMS2 eye monthly reports with exceptional accuracy
2013 – 2015	Biostatistics Assistant Oyibi Health Centre, Greater Accra, Ghana - Established and managed the Records and Statistics Department for a newly opened facility - Regularly prepared comprehensive morbidity and outpatient reports
RESEARCH EXPERIENCE	
2025	Project Lead - Curation of Electronic Health Records for Data Science Research in Ghana Data Science for Child Health Now in Ghana (DSCHANGE) - KNUST - Led capstone project data analysis, report development, abstract preparation and electronic poster presentation, using Python, and Microsoft Office Suite - Curated clinical data from Hospital's Electronic Health Records (EHRs) to generate actionable insights for paediatric sickle cell care
2013	Project Leader - Final Year Grouped Research University of Cape Coast Led research project on rainfall patterns using SPSS

2007 – 2010		Individual Research Project Kumasi Technical University Conducted regression analysis on road accident data in the Ashanti Region using SPSS and Excel (Grade: A)
RESEARCH INTERESTS		
		- HIV prevention, PrEP uptake, and communication among African immigrant and youth populations - Applied biostatistics and health data science in resource-limited settings - Electronic Health Records (EHR)-based research and clinical data curation - Paediatric sickle cell care quality improvement - Social and structural determinants of health in sub-Saharan Africa
RESEARCH & PUBLICATIONS		
		Peer-Reviewed Journal Articles
2026	1	Aidoo-Frimpong, G., Abubakar, A. T., Obeng, Y. A. , Mensah, W. K., Anyidoho D.S., Orstin E., Ayisi-Addo. S., Awuah A.A. A., Nwaozuru, U., Vanderpuye, N, A., et al (2026). Strategies to Promote HIV Self-Testing and Long-Acting Injectable PrEP Among Ghanaian Youth: Results from the Y-FIT GH National Crowdsourcing Open Call. AIDS and Behaviour. https://doi.org/10.1007/s10461-026-05295-z
2026	2	Mensah, W. K., Obeng, Y. A. , Abubakar, A. T., Anyidoho, D. S., & Aidoo-Frimpong, G. (2026). Divergent effects of HIV and pre-exposure prophylaxis stigma on willingness to adopt preventive tools among African immigrants in the United States. AIDS Care. https://doi.org/10.1080/09540121.2026.2645447

		Obeng Y.A. , Abubakar, A. T., Mensah. W.K., & Aidoo-Frimpong, G. Culturally Grounded Validation of Autonomy Support, Medical Mistrust, and PrEP Communication Willingness Scales Among U.S-Based Ghanaian Immigrants. Manuscript in preparation.
CONFERENCES		

	Accepted Abstracts
2026	Adom F. A. G., Dorairaj S., Banoub G. R., Checo L., Obeng Y.A. , (2026, October) Global Partnerships for Local Impact: A Sustainable Model for Glaucoma Training in Ghana. 2026 American Academy of Ophthalmology Annual Meeting, New Orleans, LA.
2025	Obeng Y.A. , Opare S., Idan S. (2025, November). Strengthening Sickie Cell Care through an Evidence-based Quality Improvement Clinic at St. Patrick Catholic Hospital, Offinso. Abstract published in: Directorate of Medicine, KATH/SMS Inaugural Research Day Abstracts. [African Journal of Current Medical Research].
2025	Obeng Y.A. , Opare S., Idan S. (2025, August). Capstone project on Strengthening Sickie Cell Management at St. Patrick's Catholic Hospital. Data for Health in Africa Meeting & the 5th DS-I Africa Consortium Meeting, Accra, Ghana.
2024	Obeng Y.A. , Abubakar A. T., Ekor E., Baah Konadu B., Kpeli Sam A. A., Aidoo-Frimpong G. (2024, September). Autonomy and Trust Impact PrEP Discussions among African Immigrants. 2024 United States Conference for HIV/AIDS, New Orleans, LA.
2024	Ekor E., Obeng Y. A. , Abubakar A. T., Baah Konadu B., Kpeli Sam A. A., Aidoo-Frimpong G. (2024, October). Exploring the association between PrEP stigma, HIV stigma and willingness for PrEP uptake among US-based African immigrants. 2024 Annual Meeting & Expo. American Public Health Association, Minneapolis, MN.
2024	Abubakar A. T., Baah Konadu B., Ekor E., Kpeli Sam A. A., Obeng Y. A. , Aidoo-Frimpong G. (2024, October). Examining the influence of gender norms and religiosity on HIV and PrEP stigma to enhance prevention strategies among African immigrants in the United States. 2024 Annual Meeting & Expo. American Public Health Association, Minneapolis, MN.
Nov 2025	Presentations Obeng Y.A. , Opare S., & Idan S. Strengthening Sickie Cell Care through an Evidence-based Quality Improvement Clinic at St. Patrick Catholic Hospital, Offinso. Oral presentation - Inaugural Internal Medicine Research Day, Komfo Anokye Teaching Hospital (KATH) / School of Medical Science (SMS)-KNUST, Kumasi, Ghana.
Aug 2025	Obeng Y.A. , Opare S., & Idan S. Capstone Project on Strengthening Sickie Cell Management at St. Patrick Catholic Hospital, Offinso. Electronic Poster - Data for Health in Africa Meeting & 5th DS-I Africa Consortium Meeting, Accra, Ghana.
Sep 2024	Obeng Y.A. , Abubakar A.T., Ekor E., Baah Konadu B., Kpeli Sam A.A., Aidoo-Frimpong G. Autonomy and Trust Impact PrEP Discussions among African Immigrants. Workshop - United States Conference for HIV/AIDS, New Orleans, LA.
Oct 2024	Ekor E., Obeng Y.A. , Abubakar A.T., Baah Konadu B., Kpeli Sam A.A., Aidoo-Frimpong G. Exploring the association between PrEP stigma, HIV stigma, and willingness for PrEP uptake among US-based African immigrants. Oral - American Public Health Association Annual Meeting, Minneapolis, MN.
Oct 2024	Abubakar A.T., Baah Konadu B., Ekor E., Kpeli Sam A.A., Obeng Y.A. , Aidoo-Frimpong G. Examining the influence of gender norms and religiosity on HIV and PrEP stigma. Poster - American Public Health Association Annual Meeting, Minneapolis, MN.
AWARDS & GLOBAL EXPOSURE	
2025	Outstanding Research Contribution from a Resource-Limited Setting

2025		Inaugural Internal Medicine Research Day, Komfo Anokye Teaching Hospital (KATH), Ghana - Awarded for oral presentation on evidence-based quality improvement in paediatric sickle cell care Best Use of Storytelling & Global Connection - NASA Space Apps Challenge Team Coney Aurora, Kumasi Local Event - Collaborated in the team for storytelling strategy using NASA Open-source data to interpret the impact of space weather on Earth for public understanding especially children - Team awarded Best Use of Storytelling and Global Connection Winner by Kumasi Local Event judges - Team nominated for NASA's global award round
2025		Delegate - United Nations Second World Summit for Social Development Doha, Qatar - representing Veebeckz Tech Hub Participated as a young social change delegate, gaining firsthand exposure to UN processes and global policy dialogue
CONTINUOUS PROFESSIONAL DEVELOPMENT		
Apr 2025		Biomedical Responsible Conduct of Research (RCR) - CITI Program, University of Washington
May 2025		Human Subjects Research - CITI Program, University of Washington
Jan–Apr 2025		Building Grassroot Champions for Dyslexia Inclusion - African Dyslexia Organization Fellowship
Jul–Sep 2024		Interpretation of Study Findings - TEPHINET and WHL
Jul 2024		Health Social Entrepreneurship Training - Social Enterprise Ghana & Anesvad Foundation
Aug 2024		Study Design Considerations for Regression Analysis – CHISQUARE
Jun 2024		Data Extraction 2 - Covidence Support
Jun–Oct 2023		Systematic Reviews & Meta-analyses - TEPHINET and WHL
Dec 2022		Data Entry and Management - Himalayan Cataract Project & Eye Care Unit, Ghana Health Services
Apr 2019		Introduction to Epidemiology for Global Health - University of Washington
May 2019		Data Analysis, Generation of Hospital Statistics and Data Communication - National Catholic Health Service
SKILLS & COMPETENCIES		
Statistical Software		- Advanced: R, SPSS - Intermediate: Python, Jamovi, Stata
Data Management		DHIMS2, KoboCollect, ODK, Advanced Excel, EHR Data Curation, REDCap
Research		- Regression Modelling, Confirmatory Factor Analysis (CFA), Reliability Analysis - Systematic & Scoping Reviews, Mixed-Methods Research - IRB Protocol Development, Data Analysis & Interpretation, Scientific Report Writing
Languages		- English - Professional - Ghanaian Sign Language – Professional - Twi - Native
COMMUNITY SERVICE & VOLUNTEERING		
2025 - Present		Advocate - African Dyslexia Organization Promotes awareness of dyslexia and other neurological conditions
2016 – Present		Manager - DeFiN@Africa (Deaf Engagement and Financial Independence) Supports economic independence for deaf individuals through farming and livelihood initiatives

2020 – Present		Provides Ghanaian Sign Language interpretation at health institutions and community engagements
2016 - Present		Sign Language Interpreter - Offinso Municipal Assembly & Social Welfare Department - Facilitates communication and civic engagement for deaf individuals in municipal settings Women Commissioner & Founding Member - Offinsoman Youth Association - Provides leadership and advocates for youth and women's community development across the Offinso Traditional Area
PROFESSIONAL MEMBERSHIPS		
2026 – Present		African Institute for Artificial Intelligence (AI-4AI)
2025 – Present		Data Science Without Borders (DSWB)
2022 – Present		Ghana Health Information Management Association
2016 – Present		Ghana Association of Public Health Technical Officers
2016 – Present		Ghana Health Service Workers Union
